Activity Risk Assessment

			Contact the police if the situation cannot be resolved internally in a timely fashion.
Fire	Personal injury – burn.	Staff, participants and public	<p>Staff to police the following:</p> <ul style="list-style-type: none"> • Only wood to be used as fuel, only fire kindling, Jute, paper and cotton wool to be used to light the fire. • Fire to be no bigger than 50cm by 50cm or 'fire pan' to be used. • Participants to remain seated at all times when within 3 m from the fire. • Container for water (min 2 gallons) or bucket of sand to be on-hand at all times to extinguish the fire if needed. • Participants feed the fire – should be done by the 'proposal position' and under the Instructors Direct supervision. • Participants must not 'poke' or 'stir' the fire. <p>The fire MUST be fully extinguished before leaving the site and left in a safe state.</p>
Burns / Scalds hot surfaces and objects	Personal injury – burn.	Staff, participants and public	<p>Group to be reminded that metal heats up quickly and not to touch the kettle once the fire has been lit. Stopper MUST be removed when kettle is in use unless a pressure relive is fitted.</p> <p>The instructor to mark out/ explain the area in front of the Kelly kettle water spout, where hot water may splash out when the kettle boils and ensures no one stands or walks through this area.</p> <p>When removing the kettle from the base pot, the handle should be held horizontally, with one hand on either side</p> <p>Boiling water should be poured with one hand on the handle and one hand pulling up the chain.</p>
Spread of fire	Personal Injury /Death	Staff, participants and public	<p>Staff to monitor:</p> <ul style="list-style-type: none"> • Area used must be clear of other fuel sources. • Wind force and direction must be monitored by instructor <p>Adequate provisions for extinguishing fire must be available. (Water/Sand/fire extinguisher)</p>
Effects of weather	Hypothermia, Hyperthermia, Sunburn	Staff and participants	<p>Weather forecast obtained before activity, weather forecast posted on notice board in office.</p> <p>Visual inspection of weather conditions before the activity commences.</p> <p>Abandon if weather deteriorates.</p> <p>Ensure adequate warm and protective clothing for the prevailing weather.</p> <p>Advice all involved to use sun cream during sunny weather.</p> <p>Take rest breaks in hot weather.</p> <p>Use activity to keep participants warm in cold weather.</p> <p>Use group shelter to provide a temporary respite.</p>

Adventure Sunderland

Activity Risk Assessment

Injury from tools	Personal injury, cuts, lacerations death	Participants	Staff to brief and supervise safe use of knives, following the blood bubble principle. Instructor to judge whether tool use is appropriate for the group. Where tool use is deemed appropriate, they should initially be used on a one to one basis. Only when the instructor is confident about the participant's abilities should the ratio be gradually increased. All knives to be accounted for before leaving the activity site.
Food poisoning and germs contracted from unclean hands and food preparation	Personal injury, poisoning	Staff and participants	Ensure all of the group wash and/or disinfect their hands before participating in any cooking or eating activities. Instructor to ensure all food is prepared in a hygienic way on cutting boards. Instructor to ensure food is cooked thoroughly and is hot when served Ensure all participants wash their hands at the end of the session
Transfer of COVID	Contraction of COVID	Staff and participants	Instructor will implement and ensure safety measures are in place which are in-line with the latest government advise (see COVID OP's for details)

Risk assessments are to be reviewed on an annual basis unless an incident occurs, which then dictates immediate review of the risk assessment.
